Attention Current Undergraduate Students:

Pursue two goals at once…

Ask about the “2+1” Bachelor’s to Master’s Program!

“2+1” Bachelor’s to Master’s Program at the Metropolitan School of Professional Studies (MSPS)

Qualified MSPS undergraduates planning to continue on to one of our master’s degrees may now take up to three (3) graduate, 500-level classes during their senior year. Not only will the classes count toward the 120 credits needed to earn a CUA bachelor’s degree, but they will also give the graduating student a nine-credit head start on a Master of Science in Management (M.S.M.) or a Master of Arts in Human Resource Management (M.A. in HRM). This offering is designed for academically motivated students who want to fast-track meeting their educational goals!

Current students interested in pursuing the “2+1” opportunity, may opt for one of two paths:

- **HR3/MSM3 Scholars Program**: Scholars are full-time undergraduates with a 3.0+ cumulative GPA; they receive a significant tuition discount and special consideration for the M.S.M. or M.A. in HRM program when they apply. Current students wishing to become HR3/MSM3 Scholars must submit a special application, statement, and a letter of reference to MSPS.

- **HR/MSM-Plus Program**: Plus students may be part-time or full-time undergraduates who do not wish to apply to be Scholars, but who do wish to take nine 500-level credits toward the M.S.M. or M.A. in HRM. No tuition discount or special consideration is associated with the Plus Program.

Students interested in either “2+1” program option, must meet the following requirements*:

- Complete, with C- or better, the following courses or equivalents:
  - MHU151 Rhetoric and Composition
  - MHU152 Composition and Research
  - MIS 105 Microcomputer Applications I
- Complete 90 undergraduate credits
- Possess 3.0 (minimum) cumulative GPA
- Complete at least one full semester (carrying a minimum of 6 credits) at CUA

Students enrolled in either “2+1” program, must meet the following requirements:

- Earn a “B” or better in graduate level courses
- Remain in good academic standing

In addition to the above requirements, Scholars must maintain a cumulative GPA of 3.0 or better.

Questions?
Please contact your MSPS Advisor (202-319-5256) to discuss how the “2+1” program may help you achieve your degree objectives!

*Additional requirements may be forthcoming.
